COMPOSIZIONI IN VETRINA

Vetrine modulari, canalizzabili per pasticceria, gelateria, gastronomia, panetteria e pizza. Vasto assortimento di modelli in 2 profondità, 6 lunghezze, 2 angoli e ben 7 tipi di alzate vetro

Modular display cabinets for pastry, ice cream, deli, bread and pizza. The wide range of models include 2 depths, 6 sizes, 2 curve elements, 7 different glass upper structures

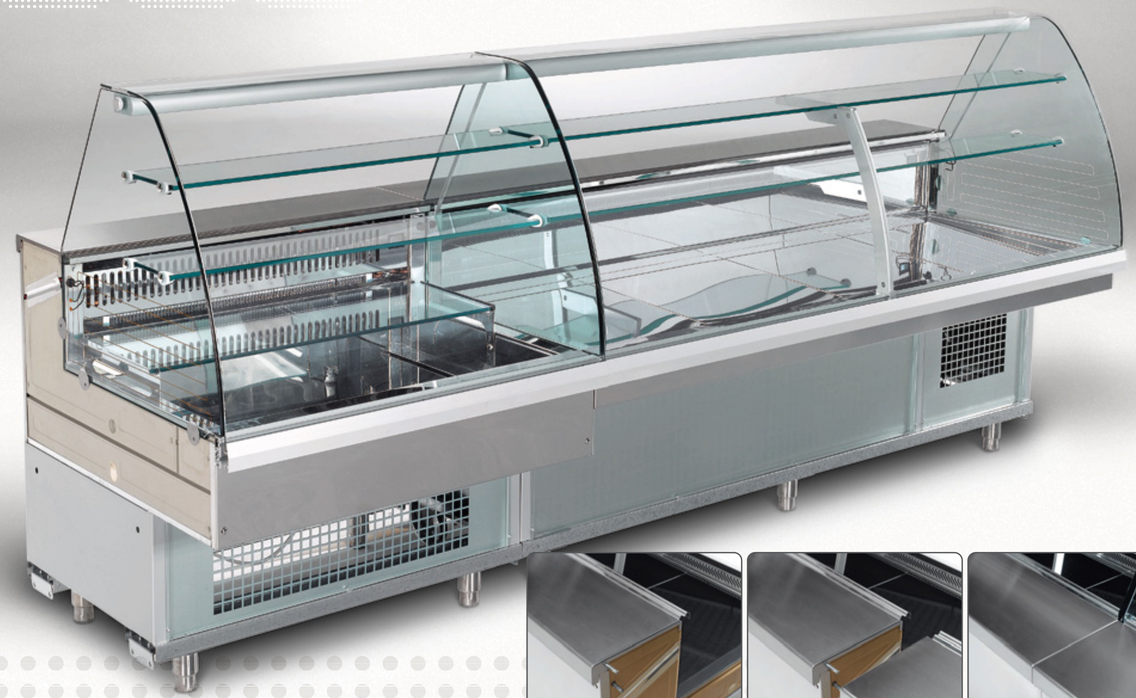
COMPOSIZIONI IN VETRINA

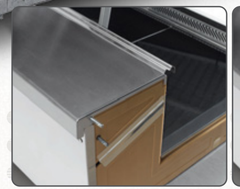
Le diverse tipologie di alzate vetro prevedono l'apertura dei cristalli o verso l'alto o verso il basso in tutti i modelli, anche negli angoli

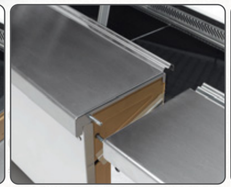
The different glass structure can have upward or downward opening in every model, including the curve elements

COMPOSIZIONI IN VETRINA

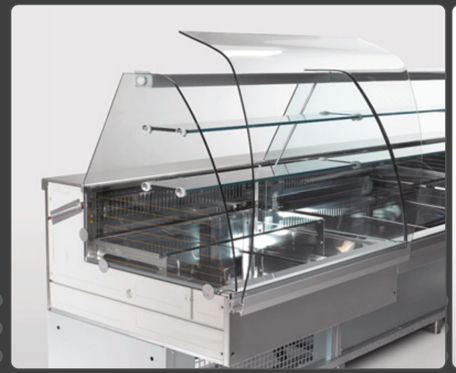
Design & Tecnologia su misura







Tutte le vetrine della serie 900 e 750 sono state progettate con una grande cura tecnica nei dettagli; in particolare le speciali centine terminali assicurano la perfetta canalizzazione dei moduli mentre tutte le vasche coibentate sono monolitiche e rivestite in acciaio inox con bordi interni raggiati per la perfetta pulizia del fondo vasca



All display cabinets of the series 900 and 750 have been designed with extreme care for technical details. The sides are pre-arranged in order to guarantee a perfect conjunction between different units; the heat insulated units are s/s coated and have rounded easy-clean internal corners
